

Sun Lakes Apple Club

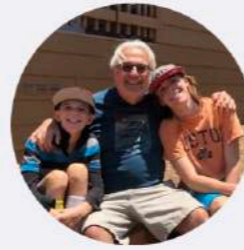

- Welcome - Please mute your devices!
- Last Month
 - Apple Watch
- Agenda
 - IOS Settings
 - Please note, the purpose of this class is not to teach how to use each item, that would take far too long. We are just showing how to find the settings needed to configure your phone.
- Treasurer's Report

Class Sign Ups

We need your help

- Please make sure you sign up on the web site for classes
- <https://www.sunlakesappleclub.com/classes-and-events>
- Click “RSVP” for full details
- If you are a couple there is an option for adding a +one
- Turn out is great but this is the biggest room available to us
- We don’t want to turn anyone away but space is limited

[Settings](#) Face ID & Passcode

USE FACE ID FOR:

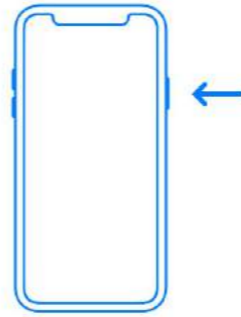

- iPhone Unlock
- iTunes & App Store
- Wallet & Apple Pay
- Password AutoFill
- Other Apps 17 Apps >

iPhone can recognize the unique, three-dimensional features of your face to allow secure access to apps and payments. [About Face ID & Privacy...](#)

- Face ID with a Mask
1 pair of glasses added

[Add Glasses](#)

Face ID is most accurate when it's set up for full-face recognition only. To use Face ID while wearing a mask, iPhone can recognize the unique features around the eye area to authenticate. You must be looking at your iPhone to use Face ID while wearing a mask.

[Settings](#) Emergency SOS

Press and hold the side button and either volume button to make an emergency call. In certain regions, you may need to specify an emergency service to dial. Auto Call requires a SIM card.

Call with Hold and Release

If you continuously hold the side button and either volume button, a countdown begins and an alarm sounds. After the countdown, if you release the buttons, iPhone will call emergency services.

Call with 5 Button Presses

If you rapidly press the side button five times a countdown begins and an alarm sounds. When the countdown ends, iPhone will call emergency services.

Call Quietly

Warning alarms, flashes, and VoiceOver audio will be silenced when using "Hold and Release" or "5 Button Presses" to place an emergency call.

Settings Battery

Battery Percentage

Low Power Mode

Low Power Mode temporarily reduces background activity like downloads and mail fetch until you can fully charge your iPhone.
